Subject: RE: Full Suite GW sampling

Kevin, it is my understanding that Region 10 has replaced you with a new RPM Jonathan Williams. I was in a meeting yesterday where it announced but have not received an official notice from EPA. Why the change?

Thanks

Kelly

Subject: Full Suite GW sampling

Kelly,

As we discussed several months ago, FMC was expected to do full suite sampling of the wells. If it is not done now, it will need to be done and the results incorporated into the design. I am following up with FMC to sort this all out.

Kevin
